

About the need to get rid of my old TV because Hollywood wants me to buy new one.

Since the government has mandated that I buy a new tv set to promote Hollywood's financial interests by making all current TV not work.

It is government's job to buy me a new TV to replace my old one. Also you should re-pay all the broadcasters for any new equipment they have purchased. This is Uncle Sam's I idea and Uncle Sam can pay for it using the money he throws at "public education".

Please send a check for 2,000 dollars Jim Weidner 5479 CHSR Fairbanks Alaska Payable to Sam's Club for the purchase of a new TV to replace my 1983 Sony Pro field which works fine.

My Sony cost 800 dollars in 1983, works fine for viewing broadcast TV which now has 30 minutes of commercials per in each hour's programing.

YOU ARE MAKING ME BUY A NEW TV... I IS YOUR JOB TO PAY FOR MAKING THE CHANGE OR TELL HOLLYWOOD TO GO TO HELL.

PS The TV mfg are getting rich replacing all the old tvs. No TV's are made in the USA all tvs are made in China, Japan, and Korea.

I looking forward to receiving my check for \$2,000 dollars and have picked out a nice 37" wide screen Samsung Digital TV.

Sincerely yours,

Jim Weidner
Fairbanks, Alaska
